

River Flood Potential

- **Rivers Currently Under a River Flood Warning:**
 - Leaf River @ McLain – **Moderate Flooding Forecast**
 - Chickasawhay River @ Leakesville – **Moderate Flooding Forecast**
 - Pascagoula River @ Merrill - **Minor Flooding Forecast**
 - Fish River @ Silverhill – **Minor Flooding Forecast**
 - Perdido River @ Barrineau Park – **Minor Flooding Forecast**
 - Styx River @ Elsanor - **Minor Flooding Forecast**
 - Big Coldwater Creek @ Milton - **Minor Flooding Forecast**
- **These river forecasts are based on rainfall expected over the next 48 hours and assumes it is evenly spread out over that time. The forecasts do not account for the locally higher totals of 10+” possible as it is very difficult to pinpoint where that will occur.**
- **River rises could be higher where significant rain totals occur over a shorter duration, particularly over the flashier rivers. Additional rivers may also still go into minor to moderate flood.**
